Cedar Rose's Data Licensing Solutions offer reliable source-graded data that allow you to:

- ☑ Ensure data integrity and security
- ☑ Unlock new growth opportunities
- ☑ Simplify and optimise your operations and reduce costs.

> With the abundance of data today, it can be challenging to identify reliable sources that meet your business needs.

> This leads to costly mistakes that impact your decision-making.

Reliable comprehensive data for informed decision-making

With our Data Licensing solution, you can:

Effortlessly Access & Manipulate Data

- Easily access our centralised and customisable data and incorporate it into your workflow via a seamless API integration or on-premise SFTP bulk download.
- Leverage the data to extract the maximum value for your specific needs.

Interpret Data Effectively

- Gain clarity with in-depth insights on companies, directors, shareholders, and UBO linkages.
- Leverage entity hierarchy intelligence for seamless navigation.

CEDAR ROSE
a cofoce company

Guarantee accuracy and accelerate decision-making

- Use our standardised source-graded quality data for accurate analysis and interpretation
- Benefit from clean, reliable, and comprehensive data resulting from our AI-modeling and automated quality checks
- Make accurate decisions with our reliable and verified data delivered with date stamps and quality grades.

Enhance usability and inclusivity

- Overcome language diversity barriers via our language accessibility features
- Promote better inclusivity via our translated, and transliterated data from local languages into English and Roman characters respectively.
- Ensure data management efficiency with our reliable, flexible, and secure data delivery.

Save time and effort through customisation

- Access pre-filtered, region-specific data tailored to your unique business needs.

Ensure scalable growth

- Confidently scale your business knowing that we can easily meet your evolving data requirements.

Evolve Your Business with Data

Gain a competitive advantage and crush your data challenges by relying on our:

- Unrivaled **MENA** expertise and **25+** years of experience
- Our commitment to accuracy, integrity, and reliability in all aspects of data collection, and reporting along with our adherence to **ISO27001** and compliance with strict **GDPR** regulations
- Flexible delivery via bulk download or API integration
